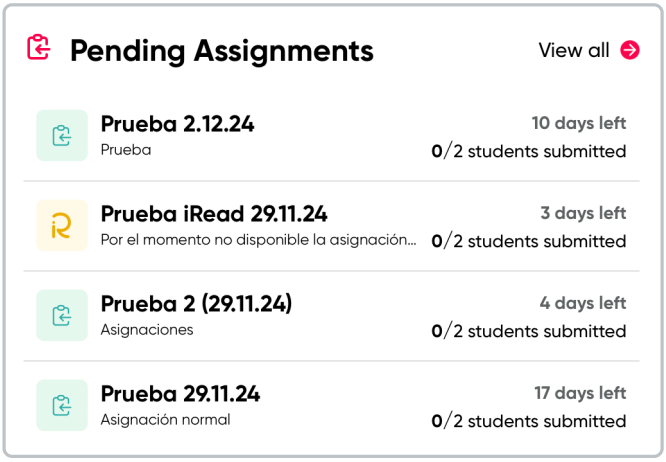
Dashboard → Pending Tasks Shows the list of activities that have not yet been graded by the teacher, providing a clear and centralized view of evaluations that are still pending.

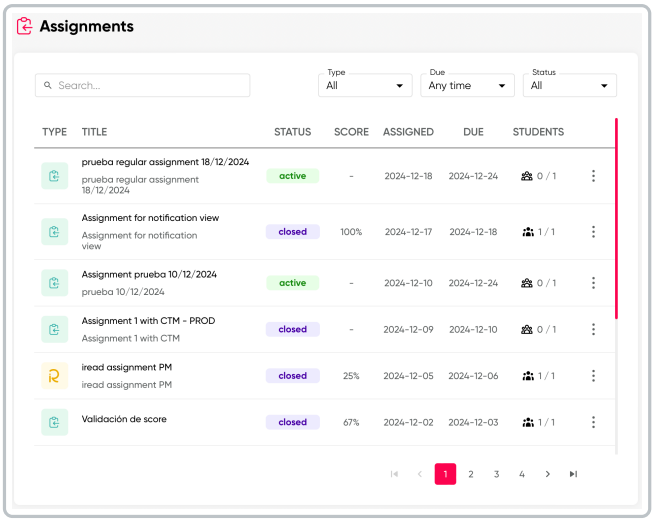


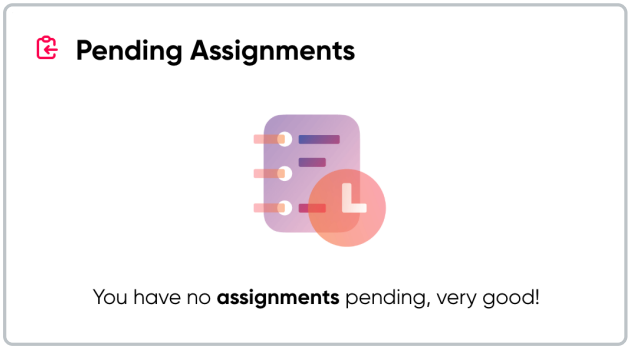
This section within the Dashboard makes it easier to manage pending tasks, allowing teachers to organize their work and keep track of evaluations in a timely manner.

What does this section provide?

- **Work management:** Helps organize and prioritize tasks that still need to be reviewed and graded.
- **Progress tracking:** Allows monitoring how many tasks remain to be graded, ensuring all are reviewed on time.
- **Improved efficiency:** Facilitates time management by providing a quick overview of pending tasks, helping with planning and reducing the risk of overlooking any assignment.
- **Meeting deadlines:** Helps teachers adhere to established deadlines for grading and providing feedback on assignments.

Available actions
Click on **<View all>** to access the section, where all tasks are displayed in detail.



No pending tasks status


If the Dashboard displays an empty state (no records), it indicates that there are currently no tasks pending grading.
