To access the platform with the Teacher role, it is necessary for the registration process to be managed by the institution.

How to register?

Registration is not done independently within the platform. To gain access as a teacher, you must follow this procedure:

1. Contact the Training Manager (Administrator) of your institution.
2. Request to be registered as a Teacher in the system.
3. Once registered, the administrator will provide you with:
 - Username (email or login name).
 - Temporary or permanent password.
 - In some cases, additional access instructions.

The screenshot shows a login interface for 'Qeios Connect'. At the top, there is a 'Welcome!' message with the Qeios logo. Below this, it says 'Log in with Connect or with your username and password'. There are two main login options: 'CONNECT with your account' (which includes a sub-option for 'OR' and fields for 'Username or email' and 'Password') and a red 'Sign in' button. At the bottom, there is a link to 'Create one' account if the user doesn't have one. Footer links include 'Studio ELT', 'Privacy policy', and 'FAQs'.

Register a new account

Please select the role:

Teacher

Student

Initial access

1. After receiving your credentials:
2. Go to the Studio platform.
3. Enter your username and password.
4. If prompted, change your password to a new secure one.
5. Access your assigned classes and resources.

Recommendations:

- Keep your credentials in a safe place.
- Do not share your password with third parties.
- Verify that you have access to your assigned classes after your registration.
