My profile

For native users, there is now an option to change the password. By simply clicking on the corresponding option, the following fields will appear:

- Current password and new password
- Buttons: <Cancel> and <Change>

The screenshot shows a web browser window displaying the 'My profile' page. The page has a dark header with the 'Studio' logo and a navigation bar with 'Go to Dashboard' and 'My profile' links. The user's name 'Scott "OpticKid" Summers (ST)' is displayed. Below this is a form with the following fields: Email, Username, Real name (filled with 'Scott "OpticKid"'), Last name (filled with 'Summers (ST)'), Country, and Password. There are also 'Confirm password' and 'Settings' buttons. A red 'Save' button is at the bottom of the form.

You can now customize your profile with a **basic design**.

Pagination in forums

If a forum post has more than 10 comments, you can navigate through all the comments using the post's pagination.

Your browser does not support HTML5 video.

Information about the C symbol

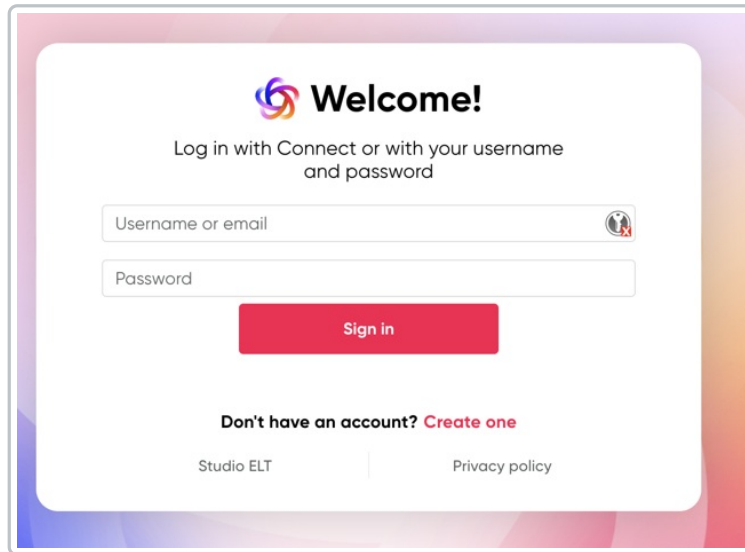

The information for the **C symbol** of the books published by **CLIC** is displayed correctly.

Access in Studio ELT

As a **Studio ELT** user (student, TM, CTM, CTV, or teacher), the login will be through a dedicated page that displays only the **Studio** brand.

RET Learning Objects (LOs) for Teachers

Since **RET** is an assessment, teachers must be prevented from reviewing or viewing the activities within **RET courses**.

They can review the course and its units.

Learning Objectives (LOs) in RET

Teachers will not have the option to change the order of the learning objectives in **RET tasks**, as it is a formative assessment and this should not be allowed.

RET scores view for Students

Students will not be able to see the individual scores for the learning objectives in **RET**; they will only be able to see the **total percentage score for the task**.

 Password change

The native user can change their password through the **<My Profile>** section.

 User lockout

When a user is locked out, a message will appear indicating that their account is locked.

 Score synchronization from Offline Mode in PWA

Students complete activities while using the **Richmond Studio PWA** in offline mode. The activity scores appear correctly in **<My Downloads>**, indicating that the score was stored locally on the device, and the teacher can view them in the **Markbook**.

 Correct information in Markbook

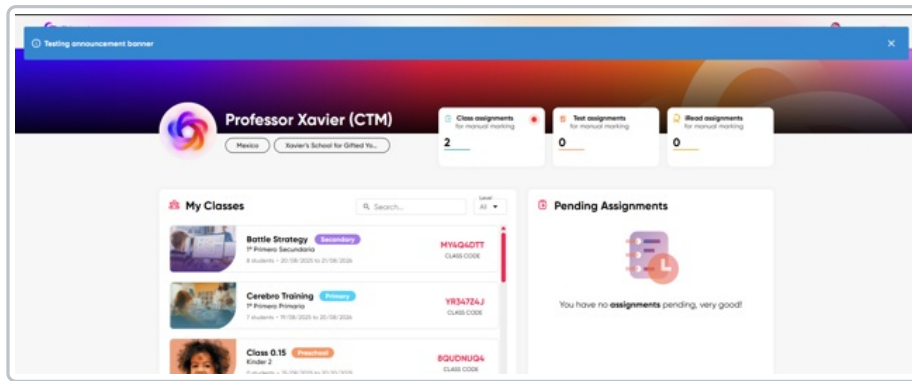

The **self-study gradebook** displays the corresponding information.

 Multiple Assignments in RET

It is possible to assign two different **RET tasks** to the same user.

 Advertising Banners by Country

Advertising banners will be displayed only in certain countries.

View of Reopened Assignments

The teacher and the students in a class can see the assignment that has been reopened by a CTM.
